### Qualifications:

I first learned land surveying as member of U.S. Army. After 4 years of active military service I returned to Utah where I served with the Utah National Guard for another 16 years. While in the National Guard I served as a First Sergeant in the 1457<sup>th</sup> Engineering Battalion. I also served with 115<sup>th</sup> Engineer Group during the units 15 Month deployment in support of Operation Iraqi Freedom in southern Iraq. I retired from the Utah National Guard in 2006 as a Master Sergeant. .

I received my Associate's Degree in Land Surveying from Salt Lake Community College. I have received my Professional Land Surveying License (PLS) and am currently licensed as a PLS. I have worked for Ensign Engineering and Land Surveying as a surveyor and project manager for 14 years.

I first ran for Tooele County Surveyor when I saw a need for a functioning and accessible surveying department. I feel that I have achieved this goal. However, there are still many needs in Tooele County with misplaced monuments, boundary issues and providing online access to citizens locating survey records. I love serving the people of Tooele County and hope to continue my service as the Tooele County Surveyor.
